

U.S. Basic Research by Funding Source, 1991- 2006

Expenditures in billions of constant 2006 dollars

* - State and local government, nonprofits, and colleges and universities (own funds)

Source: AAAS, based on NSF, *National Patterns of R&D Resources* (Data for 2005 and 2006 are preliminary.) Data series begins at 1991 because of revisions in NSF sampling methods for industrial R&D that year.
