The L’Oréal USA For Women in Science fellowship provides five annual grants of $60,000 to female post-doctoral researchers engaged in basic research in the life and physical/material sciences, engineering, technology (includes computer science) and mathematics. Learn more at [L'OrealUSA.com/ForWomenInScience](http://L'OrealUSA.com/ForWomenInScience).

Applications will open in December 2020. Apply at [https://lorealfwis.aaas.org/](https://lorealfwis.aaas.org/).

**CALL FOR REVIEWERS:**

STEM professionals holding a PhD who would like to volunteer to help AAAS and L’Oréal USA select another group of outstanding scientist awardees, please contact [jcarinci@aaas.org](mailto:jcarinci@aaas.org) and/or [agonzalez@aaas.org](mailto:agonzalez@aaas.org) to express interest.
