

# AAAS New Member Survey

Many thanks to the nearly 3,000 new members who responded to our survey in 2020. Welcome to the world's largest multidisciplinary scientific society!

## Here's a look at the numbers.

### Top reasons for joining AAAS:

## Did you know?

We love to share science on social media. Follow us on [Twitter](#) and [Facebook](#)!

AAAS is working to expand the [Local Science Engagement Network \(LSEN\)](#). Stay tuned for updates!

COVID-19 Resources are available on the AAAS website, [explore them here](#).

## AAAS is committed to improving diversity, equity, and inclusion in STEM

Most survey respondents support AAAS' commitment to promote diversity:

Women in science/scientific leadership

80%

People with disabilities in science/scientific leadership

73%

Ethnic diversity in science/scientific leadership

78%

## Three ways YOU can get involved and support AAAS:

### 1 Make & post a science visual:

Share cool images of science happening around you on your social media platforms. Use a caption to explain the science behind it and make sure to tag AAAS!

### 2 Join Community Discussions:

Discuss insights, share resources and more on [AAAS Communities](#).

### 3 Make a donation:

Our [Flexible Action Fund](#) is completely tax deductible!
