* FY 2013 funding figures are AAAS' best estimates of R&D following final appropriations and sequestration. They do not reflect official agency data as reported in the President's request, which only adjusted for the September 2012 continuing resolution. FY 2012 figures are used as the baseline for comparison.

** Appropriations Committee. The House Committee passed its Agriculture appropriations bill on June 13, the Senate Committee on June 20.
